Property owners had the opportunity for public comment. Property owners shared their reasoning for the property transfer.

- The School District line on their street is random and is based on the choices of the previous homeowners on this street.
- As adult learners, the Hodgson's would like to access services where their neighbors access services for their children and for themselves. The Hodgson's prefer the services accessible through Kent ISD and KDL
- The Hodgson's have easier access to services through Kent ISD and KDL based on where they live, work and travel each day.
- The Hodgson's would prefer to have their property tax dollars support Kent ISD due to the breadth of services available.

- Welfare of any applicable students, including, but not limited to, the length of a student's commute to and from school, whether or not a school bus is utilized.

- Approval of the constituent school districts.
